# DIGITAL IMAGES & SLIDESHOWS

**A social media sized digital file is included with every print purchase.**

For example if you choose a print box with ten prints, you'll get those same ten images as social media sized digital downloads.

**Upgrade to full resolution digital files with a reprint license for £20 per image.**

-

I also offer full resolution digital files without a print purchase if preferred, however no responsibility is taken for inferior print quality if images are printed with external companies.

**Full resolution digital files are £250 for 5 and then £35 for each additional file.  
Full galleries are available for £600 or £300 with £500+ print spend**

**Downloadable photo slideshow to music - £120**

**SWPP**  
Society of Wedding  
& Portrait Photographers
